RECYCLED WADDING

Made from up to 100% recycled textile waste, our recycled wadding is a great sustainable alternative to foam. Great for bedding, furniture, automotive lining and many more uses.

RECYCLED | **100% RECYCLABLE** | **NZ MADE**

Diverts textile waste from landfill

Able to use any form of textile waste ranging from foam, fabric offcuts, old clothing, uniforms, carpet and insulation.

100% Recyclable

All our products are 100% recyclable by us at the end of their use, provided they are not contaminated, regardless of their condition.

Available options

- 300-5000gsm
- 18mm-250mm thick
- 100mm-2600mm wide
- Available in roll form or cut pieces

AN EXCELLENT RECYCLED SOLUTION CREATING A PREMIUM FEEL WITHOUT THE PREMIUM PRICE.
